

Do you like the meeting venue and format?

Yes

Very nice

Yes

Yes, excellent format and venue

Excellent overall/outstanding yes. I think it's not necessary to have the panels repeat. The panelists have limited time and while small groups are great, I would suggest keeping the entire audience in the same room and have one panelist presentation present one time. I would "make/force" the audience to fill up seats closest to the panelists. It is respectful to the panelists and make it intimate

Great venue – very comfortable

Yes, encourage more of business community to attend

Yes, beautiful facility

Format well done and venue appropriate

Excellent location

Yes

Knowing who is in audience, assist in networking

Very comfortable

What comments do you have about today's meeting and speakers?

Great speakers, valuable information

Great networking and excellent speakers

Very helpful, insightful, lots of important information

Excellent knowledge and connections

Great discussion panels

Please place name tents on the tables so we can see the names of the panelists. Name tags are too small

Great speakers

Great job of securing a broad array of speakers

Post contact information for speakers and those attending

Relevant information, especially community services available

Excellent diverse groups

Covered a lot of info - great

Are there other occupations we need to focus on in addition to HHA, CNA, MA, LPN and RN?

Not for HF

Dental, I hear a great need in dental area

Dental assistants, dental hygienists, vet nursing

That is where the need is

Respiratory therapists

Healthcare front desk personnel

How can the consortium be of better benefit?

Have students who have been successful by this program share personal success stories, OPUS Pease Deborah Grossman, Invite a law maker, invite a person who can speak of retention barriers to success in healthcare and address how to (solve) them

Scholarship information

It is a great resource

Perhaps focus on potential for a grant to assist nursing students stay in school who may need it additional support

Continue to encourage network

Have attendees bring basket for people interested in discussion with them to leave business cards or a sign-up list

We are looking to hire caregivers CNA, HHA over the age of 21 – is there a group focused on this?

What talent pipeline topics should be addressed?

Interviewing skills and resume writing

Affordable housing, workforce housing, continues to be an issue across talent pipelines

Mentor opportunities

Nurse retention and nurse attraction to work in Brevard County

Healthcare Informatics

Customer Service

What key takeaways do you have?

The benefits collaboration and partnership with the various sectors of healthcare

Brevard Healthcare Workforce Consortium September 24th Survey Feedback

The need for “rethinking” post education, the schools are re-educating parents on post high school opportunities. This is so important!! There are many “non-traditional” pathways students can take for careers that offer great income opportunities

Networking, possible employers and resources

Panel A: Great community resources for employer access

Panel B: Outstanding ideas and real life stories that are going on

Made some new connections

Interested in joining soft skills committee

Knowledge and resources for students and employers

Important information was gained about the community services

Excellent opportunity to support our community

How business can help the students and assistance programs available
